Comsats Islamabad, Abbottabad Campus Sep 2020 - Jan 2025
Bachelor in Computer Science

Relevant Coursework: HCI, Object Oriented Programming, Data Structures and Algorithms, Web Technology

SZABIST Islamabad Feb 2025 - Present
Master in Computer Science

Relevant Coursework: Digital Image Processing, Adv. Operating System, Adv. Computer Architecture

Work Experience

Octaloop Technologies, Islamabad
Team Lead UI/UX and Graphic Designer November 2025 - Present

- Lead the design of user-centered interfaces and visual elements for various digital products.
- Spearheaded a multidisciplinary team, guiding the design process from conceptualization to final delivery.
- Collaborated closely with product managers and developers to ensure seamless integration of user experience principles into functional designs.
- Created wireframes, prototypes, and high-fidelity designs that adhered to best design practices.
- Defined design systems and ensured consistency across multiple platforms.
- Mentored junior designers and conducted design reviews to ensure alignment with project goals.

Octaloop Technologies, Islamabad
UI DESIGNER April 2025 - October 2025

- Worked closely with design and development teams to create user-friendly and visually appealing web and mobile interfaces.
- Assisted in wireframing, prototyping, and designing UI components using tools like Figma and Adobe XD.
- Contributed to user research and gathered feedback to enhance usability.
- Maintained design consistency across all digital products.
- Actively participated in team discussions and design reviews.

PAKISTAN WELDING INSTITUTE (PWI), Islamabad
CERTIFICATE OF WEB DESIGN INTERNSHIP Jan 2025 - April 2025

- Successfully completed a certified internship focused on UI/UX design for PWI's official website.
- Designed the entire interface structure, including layout planning, typography, color schemes, and navigation.
- Ensured responsive design and alignment with PWI's branding as a traditional government technical institute.
- Enhanced skills in responsive design, information hierarchy, and institutional branding.

AB METRIX SOLUTION, Islamabad
UI DESIGNER October 2024 - April 2025

- Crafted intuitive and user-centric interface designs for both web and mobile applications.
- Conducted user research and usability testing sessions to improve design solutions.
- Collaborated with developers to ensure that design concepts were accurately implemented.
- Optimized the design to improve user flows and overall experience.

GENZTECHS, Faisalabad August 2024 - October 2024

UI DESIGNER Intern

- Contributed to various design projects by assisting in the creation of user-friendly interfaces.
- Designed wireframes and mockups that aligned with project requirements.
- Participated in usability testing to ensure a seamless user experience.
- Gained hands-on experience in design tools and user feedback interpretation.

Skills

Languages: HTML, CSS

Technologies & Tools: Figma, Adobe Illustrator, Adobe Photoshop, Canva, Sketch, Adobe XD.

Project Work

PixelBot

I spearheaded the design overhaul for Pixelbot's AI streaming platform, enhancing the user experience significantly. My efforts included a complete redesign of the interface and the integration of innovative features, leading to increased user satisfaction and engagement across diverse audiences.

GENA

As a Lead Product Designer, I crafted the Voice Agent Platform, from research and wireframes to design system and branding, focusing on intuitive interfaces and a cohesive visual identity, leading to measurable success.

TERRANOVA

The design challenge was to create an intuitive platform that makes complex blockchain concepts accessible to everyday users while maintaining a strong focus on environmental consciousness and community engagement.

Awards and Certificates

Mobile and Website UI/UX design Issued by California Institute of the Arts, Dec 2024

- Successfully completed a certification course titled "Mobile UI and UX Design for Beginners" offered by Mind Luster.
- Learned the fundamentals of mobile app interface design, usability, and user-centered design.

Wireframe, Mockup and Design in Figma Issued by IBM, Jan 2025

- Completed a course on wireframing, mockups, and UI design in Figma.
- Developed practical skills in creating user interfaces and prototypes for mobile apps.

Foundations of User Experience (UX) Design Issued by Google, April 2025

- Gained understanding of UX design principles, including user-centered design and accessibility.
- Learned about design sprints and common job responsibilities of entry-level UX designers.
